

Hiii!

Thank you so much for buying my book!
Before starting your coloring journey, please read:

Paper Quality

Amazon's paper is ideal for coloring with colored pencils and alcohol-based markers. To prevent bleed-through and protect the next page, place a blank sheet of thicker paper behind the page you are coloring.

I would love to see your artwork. Please feel free to share your creations with me on TikTok at @jeanettveronicaart or on Instagram @jeanettveronicacoloringbooks
